CMS recently made improvements to the way laboratories pay their CLIA certification fee and get their CLIA certificate. As of 2023, laboratories can use online platforms to speed up the payment and certification process. Plus, your laboratory can “go paperless”, which means CMS will send you important certification information directly to your email.

#### **Update your laboratory’s email address**

Make sure CMS has your laboratory’s most up-to-date email address on file so you get important updates and information from us. We encourage you to use a business email address or one that many staffers access and use.

#### **Opt-in to “go paperless”**

When your laboratory opts in, you get:

- Email notifications from CMS
- Electronic fee coupons (no longer paper coupons)
- Your CLIA certificate sooner! No need to wait for it to come in the mail

#### **To update your email address or opt-in, you must:**

- Provide written notification to your State Agency by email **-OR-**
- Fill out the CMS-116 application form. To opt in, check the box, “Receive notifications including electronic certificates via email.”

Even if your laboratory hasn’t opted in yet, you can still pay your CLIA certification fee online using [pay.gov](https://pay.gov), a secure platform hosted by the U.S. Treasury Department. When you pay online, your payment gets processed overnight – it’s much faster than mailing hard-copy checks, which can take up to 10 business days. We accept debit or credit cards and payments from a bank account (ACH). Please do not use Electronic Fee Transfer (EFT). For more information, visit our website at [cms.gov/CLIA](https://cms.gov/CLIA).
